

LIFE

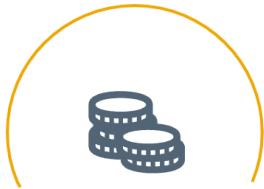

LIFE what is it?

The LIFE programme is the EU's funding instrument for the environment and climate action. Open to public and private actors, it gives particular attention to the pilot, demonstration, and best practices projects, evaluating their environmental benefits, added value for Europe, and chances for the technologies developed to reach the market during or after the project end, or deeply change the society through behavioural change or new legislations.

Why apply to LIFE calls ?

Participating in a LIFE project will speed up your development of concrete actions.

FUNDING

Co-finance up to 60% of your demonstration activities.

VISIBILITY

Wide promotion by the European Commission and media coverage.

CATALYZER

Being granted by LIFE push your innovation closer to the market.

FLEXIBLE

Semi-open topics and flexible project size lead to projects tailored to your needs.

Euroquality in LIFE

With a success rate three times higher than the European average on Horizon Europe's predecessor, the H2020 programme, and continuous monitoring of

Who can apply to LIFE

Any legal entity from one of the EU Member States and Associated Countries can participate in a Horizon Europe call. Non-associated countries and

the various EC working groups, Euroquality is armed to support its partners in the setting up of successful projects!

[For more information, visit the LIFE official website.](#)

international organisations are welcomed to join and may, depending on the call, also be eligible for funding. For a project's proposal to be submitted, the consortium must be comprised of at least 3 partners from 3 different countries.

Are you interested in LIFE?

Do not hesitate to contact us, we can introduce you to this programme and study the opportunities for your organization in relation to current calls.
